
INTERNATIONAL LOGISTICS COMPANY CONTRACTS EMPIRE FOR INFRASTRUCTURE, ONTARIO, CA

(18) AC Pro AP's
(4) Managed Switches
(1) LWUD Controller
(2) Fiber IDF's
10,000 ft. CAT6 Cabling

CHALLENGE

Logistics Plus, a world wide company was opening a new location in Ontario, CA. Their new building was dated with no existing modern infrastructure for voice, data, or security systems.

SOLUTION

Empire met with the CIO and other members of Logistics IT department on several occasions to determine what all their needs were.

The team at Empire was able to create a new design that consist of a new server room build and 2 IDF locations were proposed. Logistics Plus was on their way to modernizing their new building.

Logistics Plus now has a reliable infrastructure system within the warehouse utilizing CAT6 cables installed, wireless AC access points and 10 gigabit fiber in their server room. Logistics Plus can now utilize a complete and functioning warehouse office space where their employees can serve customers.

Empire Technologies provides a variety of cabling solutions for your business including Multi Mode and Single Mode Fiber installation, inter-building and intra-building backbone fiber, IDF Fiber, Fiber splicing and Certification testing. Please contact us for more information.
