

Attempted kidnapping scare as seen on the local news causes school to reach out to Empire for more advanced security.

# EMPIRE INSTALLS OVER 20 CAMERAS & NEW SERVER FOR CATHOLIC SCHOOL, RANCHO CUCAMONGA, CA

## CHALLENGE

A local Catholic School experienced the worst when they were notified that an 11 year old girl that was almost abducted on their campus. Thankfully the child was able to run away from the abductor, but the School was in need of some serious security solutions right away.

## SOLUTION

Immediately, Empire was able help The Catholic School's security needs with an installation that consist of 20 new security cameras, 1 new server.

The cameras were networked and provided easy access to all staff and management at the School for live view and playback.

The Rancho Cucamonga School now has a reliable security system for the safety of all children on the campus as well as for the teachers and church staff, who enter the premises.
